MARLOW

2017

Marlow nasce da un'idea di morbidezza ispirata dalla natura: la lana lavorata e avvolta a mano nella struttura, il cavo rivestito in corda amplifica l'effetto volutamente soft e caldo di questa collezione disponibile in versione sospensione (con kit di decentramento), terra e notte.

Dati tecnici pag. 190

Nature and softness is what have inspired the creation of Marlow: knitted wool swang around the structure, the cable covered with rope creates an effect both warm and soft. The collection is available in Suspension version (with a decentralization kit), Terra and Notte.

Tecnical data pag. 190

Идея Marlow родилась от чувства мягкости, навеянного природой. Шерстяная нить, накрученная вручную на каркас лампы, провод обкрученный шнуром, удваивает эффект мягкости и тепла этой коллекции. В наличии версии: напольная и подвесная (с набором децентрализации).

SPRING

2017

Spring come primavera, sistema che proviene da Pipe per essere arricchito con la semplicità del ramo #naturalchic. Si mantiene il cavo rivestito in corda del modello Marlow che dona un effetto volutamente soft e caldo a questa sospensione, che adotta il classico kit di decentramento per portare la luce dove vuoi.

Dati tecnici pag. 195

Our product Spring – like the season – comes from the same structure as Pipe, beautified by the natural simplicity of a branch #naturalchic. Keeping the cable covered in rope to maintain a soft and warm effect, as seen with Marlow, using the typical decentralization kit to enlighten wherever you prefer.

Tecnical data pag. 195

Spring- как весна. Эта система происходит от PIPE, обогащённая простотой меди #naturalchic. Состоит из провода, обкрученного шнуром модели Marlow, который добавляет обширный эффект мягкости и теплоты этой подвесной лампы. Состоит из классического набора для децентрализации, которая позволяет перемещать освещение куда угодно.

BIRD

2017

Una semplice gabbia da posizionare dove si vuole, per terra o a soffitto. La struttura metallica in ferro con effetto scrostato le dona quel tocco industriale, al suo interno un cappello di seta disponibile in più forme conferisce a questo oggetto un equilibrio che trascende i normali canoni di bellezza.

Dati tecnici pag. 196

A simple birdcage to be positioned anywhere, on the floor or hang on the ceiling. The metallic rusty effect iron structure gives it an industrial style and touch. Inside it, to enhance the beauty and the balance there is a silky hat (available in various shapes).

Tecnical data pag. 196

La purezza della semplicità. L'importanza della qualità e della genialità che culturalmente rappresenta da sempre l'Italia. Sono questi i punti fermi che Sideform ha voluto unire nel suo nuovo progetto di luce che dura da più di tre anni.

Mentre il Mondo si dirige sempre più velocemente verso una dimensione in cui non conta quello che siamo e da dove proveniamo, Sideform si impone un ritorno alle tradizioni e alla cultura naturale.
